

Presenter:

Bill Leach, Naval Air Systems Command, Aircraft Fire Protection Team Leader

Bio:

Bill Leach earned a Bachelor's Degree in Mechanical Engineering from Rutgers University, and a Master's Degree in Engineering Management from Widener University.

He is a charter member and current leader of the Naval Air Systems Command Fire Protection Team. Under his leadership, the NAVAIR Fire Team has become recognized as world leaders in the aircraft fire protection industry for successful development and implementation of halon alternative chemicals and systems - the Navy was the first to fly such ozone-friendly systems aboard aircraft and the NAVAIR Fire Team continues to develop leading edge solutions for varied applications.
