

John Reinhardt

John Reinhardt is an aerospace engineer for the WJH FAA Technical Center Fire Safety Section. He graduated as an Aeronautical Engineer from Embry Riddle Aeronautical University in 1989 and has worked for the FAA for more than 14 years in the area of Aircraft Safety. His R&D experience was acquired under four main programs: Airworthiness, Crashworthiness, Aircraft Catastrophic Prevention failure, and Aircraft Fire Safety. From 1996 to 1998, John was a volunteer firefighter for the Mays Landing Fire Department (Reliance Hose Company No. 1). His current research efforts are mainly focused in the area of aircraft cargo compartment halon replacement.
