

Jeff Cohen (EPA)**Presentation Title: EPA's Program for Halon Replacement**

Bio: Jeff Cohen is Chief of the Alternatives and Emissions Reduction Branch in EPA's Office of Atmospheric Programs. The branch implements voluntary programs with various industries and the military to reduce emissions of potent greenhouse gases (e.g., HFCs, PFCs, SF6) and is responsible for implementing the Clean Air Act's requirements under Section 612 (SNAP program) and Section 604 (Essential Use Program).
