

Jeff Cohen (EPA)

Presentation Title: EPA's Program for Halon Replacement

Abstract:

Updates will be provided on following:

- New listings of acceptable substitutes for halons under EPA's SNAP program;
- Environmental/health risk assessments for new alternative agents proposed for fire suppression;
- Voluntary programs with industry to implement responsible use principles for HFCs and PFCs;
- FAA/EPA collaboration on new safety/performance standards for halon-free systems in commercial aviation.
