

JILL SUO-ANTTILA - BIOGRAPHY

Jill Suo-Anttila is a currently member of the technical staff in the Fire Science and Technology Department in the Engineering Sciences Center at Sandia National Laboratories. She received her Bachelors of Science at Arizona State University in 1996 and her Masters of Science in Mechanical Engineering in 1998 at the University of California at Irvine.

General research areas of interest include fire behavior, heat transfer, soot characterization, infrared spectroscopy, smoke detection, and smoke transport. Her experience at Sandia involves diagnostic development, computational model validation, experimental studies of large pool fires, and full-scale thermal response experiments.
