

Claude Lewis

Claude Lewis works as an Engineer with the Standards Branch of Transport Canada's Civil Aviation Directorate.

His prime responsibilities include the development of regulations, standards, advisory/guidance material and policies regarding transport category aeroplane fire and cabin safety, and the conduct of Transport Canada's Fire and Cabin Safety R&D Program.

Claude has been involved in transport category aeroplane fire & cabin safety for over 25 years.

Claude represents Transport Canada on the FAA's International Aircraft Materials Fire Test Working Group (IAMFTWG) and International Aircraft Systems Fire Protection Working Group (IASFPWG), the FAA/TCCA/UK-CAA/ANAC/CASA Cabin Safety Research Technical Group (CSRTG), and the Cabin Safety Steering Group (CSSG).

Claude holds a B.A.Sc. and an M.Eng. in Mechanical Engineering from the University of Ottawa, and is a member of the *Ordre des Ingénieurs du Québec*.
