

Mr. David Snowdon

Born and educated in the UK, Dave Snowdon holds a Bachelor of Technology in Mechanical Engineering from Loughborough University of Technology. His career spans 30 years in the field of aircraft propulsion, starting work at Rolls Royce Aero Engines on graduation. Dave moved to North America in 1979 and worked for various aerospace companies, including Pratt & Whitney Canada, Bell Helicopter and Allied Signal (later Honeywell) Engines. Dave is presently a powerplant DER, and holds the position of Director of Propulsion Systems at Eclipse Aviation, where he has worked on the development and certification of a Halon replacement powerplant fire extinguishing agent for the Eclipse 500 aircraft.
