

Claude Lewis

Claude Lewis works as an Engineer with the Standards Branch of Transport Canada's Civil Aviation Directorate.

His prime responsibilities include the development of regulations, standards and advisory material regarding transport category aeroplane fire and cabin safety, and the conduct of Transport Canada's Fire and Cabin Safety R&D Program.

Claude has been involved in transport category aeroplane fire & cabin safety for almost 30 years.

Claude represents Transport Canada on the International Aircraft Materials Fire Test Working Group, the Aircraft Systems Fire Protection Working Group, and the International Cabin Safety Research Technical Group (CSRTG).

Claude holds a Bachelor's and a Master's degree in Mechanical Engineering from the University of Ottawa, and is a member of the *Ordre des Ingénieurs du Québec*.
