

Dr. Jan-Pleun Lens

Dr. Jan-Pleun Lens obtained his Master degree in Chemical Engineering in 1991 from the University Twente in the Netherlands. In 1996, he obtained his PhD in Polymer Technology from the same university.

Jan-Pleun joined FRX POLYMERS in 2010 as Vice President, Research and Applications. Additionally, Jan-Pleun is leading the Intellectual Property, Product Management, and Product Stewardship efforts for the company.

Before joining FRX POLYMERS, Jan-Pleun worked at GE Plastics / SABIC Innovative Plastics for about 11 years, where he developed novel polycarbonates, set up supply chains for new monomers from China and India, and held positions as Global Technology Manager for polycarbonate products and processes. Jan-Pleun was the developer and technical lead for one of the new specialty polycarbonates from SABIC Innovative Plastics and obtained different prestigious company awards.

Jan-Pleun is a qualified Lean Six Sigma Black Belt, published over 20 articles and is inventor on about 100 patent applications.
