

Lionel Wallace

SPECIALIST AREAS:

- Aircraft Type and Supplemental Certification
- Airworthiness
- Design Organisation Approval
- Project Management

Lionel has over 30 years experience in the aviation industry and has held various senior Design, Airworthiness, Safety and Certification positions as well as Programme Management and Business Development roles.

Lionel specialises in Regulatory Authority negotiations and the management of innovative or complex aircraft certification projects. He has held positions of responsibility for world-wide certification and has a wide understanding of the international aviation regulatory scene. He also has experience in the transition of both civil and military aircraft programmes between regulatory jurisdictions and has experience in Design Assurance System restructuring and associated organisation approvals.
