

JM Davies MSc MD FRCPC FRAeS

Short Bio

Tenth Triennial Fire and Cabin Safety Research Conference

Jan Davies is Professor Emerita of Anesthesiology, Perioperative & Pain Medicine, University of Calgary. During her four decade-long career she focused on healthcare safety and quality, as well as contributing to aviation safety, most notably with her work on crash survivability together with her *iBRACE* colleagues. Her most recent co-publication is “Fatal Solution” (Routledge Publishers). She continues to research and write in both healthcare and aviation safety.
